RE: Whitemarsh West Sewershed Structural Rehab  
Stormwater Management Variance  
Bird River Watershed  
**Project I.D. M180010**  
**Tracking Number: 05-24-4086 06-24-4087**

Dear Ariadna Risher;

This office has reviewed the information submitted and finds that a stormwater management variance can be granted for this project under Section 33-4-113 (a) (2) of Title 4 of the Baltimore County Code. Section 33-4-113 (a) (2) allows a stormwater management variance to be granted if there are exceptional circumstances such that strict adherence to the provisions of the design standards would result in unreasonable hardship or practical difficulty and not fulfill the intent of the regulations.

This project is for the rehabilitation of approximately 250 existing sewer pipe segments and 350 existing sewer manholes by cut and cover. The existing cover conditions will be re-established once the repairs are completed. Although the disturbed area is in excess of 5,000 square feet, there will be no increase in impervious area or runoff resulting from the project.

Please contact Ella Kaplan, E.I.T. at 410-887-3768 should you have any questions.

Very truly yours,

*/signed/*

Kritty Udhin, P.E., Manager  
Stormwater Management
