Paths and Trails

--- Natural Surface

Trail	Miles
 Yellow Trail	1.3
 Blue Trail	1.1
 Connectors - multiple paths connect the blue and yellow trails. All are 0.1 miles or less	

Double Rock Park combines amenities for active recreation with trails through a beautiful natural area. There are two playgrounds, a lighted ball diamond and athletic field, as well as two ball diamonds without lights. There are four pavilions of varying sizes available for rentals and a community garden with plots available by registration. Find more information on how to reserve these on the park webpage.

On the western side of the park, there are hiking trails through the woods. The yellow trail follows the perimeter of the park and the blue trail offers views of Stemmer's Run. Use caution at stream crossings.
