AMENDMENT NO. 2

The following information is offered as the result of correspondence received prior to January 13, 2025.

- 1. Question:** Who is the current vender?

Answer: Waterpro Incorporated.

- 2. Question:** What is the current value of the water treatment contract?

Answer: This contract will not have a minimum or maximum amount. The County reserves the right to order services that may be required during the said period, and it also reserves the right not to order services bid upon by the vendor, if it is found that such services are not required by the County during the period covered by this contract. However, the County has expended \$263,200.00 since the start of the current contract on 9/1/2020.

- 3. Question:** On Page 44 Item 3.1 says the vendor can utilize existing equipment (owned by Baltimore County), but if the equipment were to break the vendor is responsible for replacement at no cost to Baltimore County and then replacement becomes the property of the County. Are we interpreting this statement correctly?

Answer: Yes.

- 4.** All other terms and conditions remain the same.
