

**BALTIMORE COUNTY GOVERNMENT
DEPARTMENT OF PUBLIC WORKS
INTER-OFFICE CORRESPONDENCE**

DATE: January 6, 2023

TO: D'Andrea Walker, Acting Director
Department of Public Works and Transportation

FROM: Lisa Eicholtz, PE, Chief *LKE*
Bureau of Engineering & Construction

SUBJECT: 2023 Basic Services Maps
Public Water & Sewer Status

In accordance with your request, we are furnishing an update for the 2023 Basic Services Map.

Water

No deficiencies are known to exist.

Sewer

All of the 10 remaining sewer relief point locations are being metered. We have completed several rehabilitation projects and are now performing post-construction monitoring to determine the effectiveness of the projects. In addition, we have projects in design and also construction which will eventually allow the elimination of the areas of special concern.

Revisions to the Basic Services Maps to remove an area of special concern do not mean that an area has unlimited development potential. Computer modeling and simulations to assess the impacts on the County's sewer system resulting from development are completed on a case by case basis. Determinations are made to assess if the impacts from development will require downstream improvements to ensure adequate capacity in the sewer system.
